

Hooray! Baby To Rule the House

No Longer Do Women Fear The Greatest of All Human Blessings.

It is a joy and comfort to know that those much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous, twisting spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is therefore one of unbounded, joyful anticipation, and too much stress can not be laid upon the remarkable influence which a mother's happy, pre-natal disposition has upon the health and fortunes of the generation to come.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommend it. You will find it on sale at all drug stores at \$1.00 a bottle. Write to-day to the Bradford Register Co., 130 Lamar Ridge, Atlanta, Ga., for a most instructive book on this greatest of all subjects, motherhood.

WORDS FROM HOME

Statements That May Be Investigated. Testimony of Amarillo Citizens

When an Amarillo citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Dog's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of an Amarillo resident. No stronger proof of merit can be had.

D. GIVIN, 810 Fillmore street, Amarillo, Texas, says: "I have great confidence in Dog's Kidney Pills, which I got at L. O. Thompson & Co.'s Drug Store and I am pleased to endorse them. I found this remedy to be very strengthening to the kidneys and I have never used it without being helped. Several of my grandchildren have also taken Dog's Kidney Pills and the most satisfactory results have followed."

The address is a glowing tribute to the southern soldier, and especially to the men in the ranks of the private soldier. Following are sentiments from the address:

"Shall I name to you at once the Confederate hero who deserves the highest pedestal, who bore the greatest privations, and contributed most freely of his blood to win every victory and resist every defeat I name the private soldier. Practically without pay and on half rations, he enlisted for life or death and served out his contract. He did not look for the fighting man he was. He was lean, sunburned and bearded, often barefoot and tattered. He had neither training or discipline, except what he acquired on the field. He had only antiquated and inferior arms until he captured better ones in battle. He had not even military ambition, but he had one incentive which was lacking to his opponents—brave and loyal as they were. Meeting him on the march one might recogn-

ize in his eyes a certain faraway look. He was fighting for his home. From the time of Greece to that of South Africa, all history attests the stupor of the thought of home to the soldier fighting for it. And if some young military soldier among your bright boys can formulate an equation to express the battle paid by our army, I am sure he will find the thought of 'home' to be the factor in it with highest exponent. So there was nothing anomalous about the fighting of our army. We fought for our homes under men we loved and trusted. This brought out the best in every individual, whether private or general."
